

Product information

Please refer to our [file preparation requirements](#) on the following page before submitting images.

Plywerk are all made from FSC certified ([www.fsc.org](http://www.fsc.org)) Birch core, Maple veneer Plywood with lustre archival lab prints (on Fuji Chrystal Color paper) adhered using PH neutral transparent adhesive film with an archival laminate option.

For the “Plywerk your own” service all we need is a print-ready digital file. We will print it, frame it & bag it. Shipping is not included in the prices.

| 16x20 | 135.00 | 108.00       | 81.00       | 4.00                 |

**Archival UV laminate:** We can add a UV and water resisting laminate. Available in matt, lustre or glossy.

**Split-panel Plywerk:** For people who want to go BIG and/or something a little different! The cost of these is just the total cost of the Plywerk used to make the split-panel Plywerk. [Click here for an example.](#)

**Branding:** We can also offer for your name/logo to be stamped onto the back of the panel. You provide the stamp and we apply it to your Plywerk orders at no extra cost.

**Personalization:** Laser engraved custom notes; a service that you can re-sell to your clients. The cost for these is \$15 each. [Click here for an example.](#)

**Drop-Ship Services:** We can also provide drop-ship services and have your name as the sender. Please enquire for pricing.

**RRP:** price offered to the general public by Plywerk

**Prodeal:** discount program that Plywerk offers to pro photographers and artists\* (no minimum orders)

**Pro-Sample:** discounted samples offered to pro photographers and artists\* (up to two samples)

\* The photographers and artist discount is meant for clients who are providing Plywerk to their clients.

**File preparation requirements**

- Crop files to the correct dimensions at 320 dpi (see chart below)
- Save as high quality (minimal compression) sRGB jpeg files
- Remove spaces from filename > i.e. “*your\_file\_name.jpeg*” or “*YourFileName.jpeg*”
- Prefix the image size to the filename > i.e. “*5x7\_YourFileName.jpeg*”
- Visit [www.plywerk.com/prodeal](http://www.plywerk.com/prodeal) to place your order and upload files
